About Us

Always Ready serves as a one-stop solution for various event needs. Focusing on decorations and equipment rental under one of our branch “Deco Ready”, which works towards the aims to offer next-day service. We will be launching “Travel Ready” in mid 2025 to provide sustainable travel events for corporate incentive trips, client travel trips or trips heading to Singapore with the best hospitality treatment for your guests.

Our aim is to provide a sustainable event solution by reusing, remaking and refurbishing decorations, so that the future of events will not damage our ecosystem, while keeping the standard of events to it’s fullest.

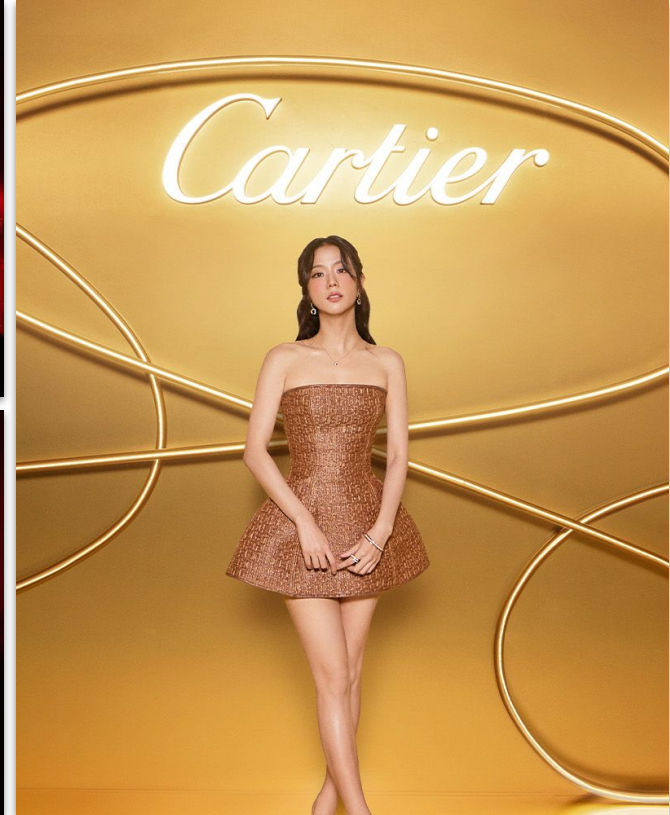

Shu Qi, Than
Founder

About our Founder,

With many years of experience in the industry, Shu Qi notice the common issue is getting resources last minute, given by clients short notice of 2 weeks to come up with a Themed Dinner. Inspired by a Decoration company in Perth, who has catalogs of decorations at a package price of only SGD 6K, saved her life and secured the trust of her client. She decided to bring this idea to Singapore as well as to keep events sustainable.

Trusted by many end clients, Shu Qi attained all kinds of events experience, from Gala Dinner, Road Show, Pop Up store, Digital Event, Hybrid Events and Travel events.
